Company profile

Core Competency

- Manufacturing of Hot & Cold rolled structures
- Outdoor Enclosures
- Electrical Control Panels
- Drive Panels
- Fabrication of Transformer substation enclosures
- Fabrication of Computer consoles for Generating stations
- Other Sheet metal works.

Material List partial

Press break machine	TEKWIN
Hydraulic shearing machine	TEKWIN
Welding machine	CWA
CO2 welding machine	LINCOLN-255C
ACR welding machine	SAI ACR
Hand shearing machine	
Hand cutting machine	DEWALT
Hand cutting machine	KPT
Hand press machine	KMT
Bench grinding machine	AEC
Drilling machine	VISAMAN
Hand grinding machine (big)	BOSCH
Hand grinding machine (small)	BOSCH
Air compressor	VAYU
Weighing machine	HIWI DIGI

Company profile

Vision

To be one of the global leaders in providing total solution from concept to finished product across various industry sectors like Power, Machine tool, Cement, Sugar, Food and Beverages, Distilleries, Chemical and Pharma Plants, Iron and Steel etc.

Mission

To provide Products, System solutions & Services of International standards in terms of quality, workmanship, reliability, durability with continuously improving the products and services in order to gain complete customer satisfaction.

Quality Policy

Quality being the integral part of our commitment for world class product and service and its fulfillment we,

- Maintain highest degree of professional and personal ethics.
- Update our services with latest technologies
- Offer competitive rates and true value for money to our valued customer.
- Our main objective is to provide total commitment to customer satisfaction
